## companion<sup>plus</sup>

## ADULT & PEDIATRIC POWER ASSIST SYSTEM

FOR RIGID AND FOLDING MANUAL WHEELCHAIRS

**by Cheelcare**

### POWERFUL MOTOR

The Companion lets you choose from three speeds with a **max speed of 24kmh/15mph** and only takes **three hours to fully recharge**.

### QUICK-CONNECT

The unique mechanism means it **takes under 10 seconds** to connect or disconnect your Companion without the need to unbolt it.

### SAFE, SECURE & COMPATIBLE

The Companion **locks securely** onto almost every make of wheelchair for a smooth, stable ride.

### TIGHT TURNING RADIUS

The Companion features a **tight turning radius** to deliver outstanding maneuverability in tight spaces.

### LIGHTWEIGHT

The Companion **weighs less than 10kg/20lbs** making it easy to load and unload from your vehicle when you're on the go.

# companion<sup>plus</sup>

## BENEFITS

- Increased range of mobility and distance in indoor and outdoor environments
- Reduced strain and injury to shoulders and arms
- Easy to grip throttle-drive reduces forces on hands
- Lightweight and easy to handle
- Can be operated with one hand
- Connects/disconnects in seconds
- Mounting bracket adds less than 1kg/2lbs when the Companion is disconnected
- Has the advantages of both power and manual wheelchairs without the need for two separate mobility devices

## PERSONALIZABLE

Cheelcare offers a range of accessories that allows you to personalize your Companion's appearance and function to suit your lifestyle.

**NEW Digital Display with 5-Speed Control**

**NEW Parking Brake Function**
